A male councillor, a female community person (partner, wife of a councillor) and now another community person.

This attacking our city's mayor has gone beyond a "saga", it's become a "comic book" and all you are accomplishing is making yourselves and Quesnel look childish and ridiculous.

Accusations of "he said", "she said" and your personal feelings are cruel and unjust.

As a community, we all have the opportunity to vote. Obviously Quesnel's mayor had such support as she was voted in not once, but twice. Others in our community were also in the race for mayor – they did not have the support or the votes as I don't see them sitting in the mayor's chair.

Simple solutions to the ugly situation: lay your proof of illegal wrongdoing and ask for or demand a resignation.

If you do not have any concrete proof, shut up and wait for the next voting period. Put these excessive energies into something helpful, useful and much needed in Quesnel" a dialysis unit, which would service many kidney patients in our community who are finding themselves less and less able to travel the highway to Prince George for their weekly dialysis treatments.

Have a nice day,

Carol Sawry
