Re: Coun. Suhsil Thapr is not the problem July 25, Feedback Observer

I found Mr Wayne's recent letter most insulting, not necessarily to me, but to the elected officials on council.

He makes a statement that Coun. Thapar is "the one councillor truly involved in his job."

Is he implying that the citizens of Quesnel elected a bunch of do nothings?

He implies that all of council except for Thapar are a bunch of sheep being coerced and bullied by the Svengali Mayor Mary.

Mr. Wayne, get your head out of wherever you have it buried. To suggest that the likes of Coun. Ed Coleman, Coun. Laurey-Anne Roodenburg, et al could be made to do things against their better judgement is ludicrous.

Thapar appears to not accept answers he doesn't like or answers Pat Morton doesn't like most likely but the rest of the elected officials do so. Move on.
