

INVOCATION Aug 1, 2013 Minutes
Councillor Cave

"Now that the City has been victorious in two court cases and one Freedom of Information inquiry launched against us, we can now focus more on governance of the City and the positive developments we have happening here. We can hopefully turn our attention away from the small group of people who choose to repeatedly waste tax payer money, staff time, while slowing City processes with unsubstantiated claims seemingly only because they cannot gather the support to get elected themselves as the public has seen their conduct and has chosen to not put them in office. The Council previous had to deal with this, as did the Council previous, the Council previous, and the Council previous. As the three victories prove, we are an open, transparent, honest government. We are an honourable Council, we have honourable staff and we work together to try to make the best decisions we can for the community. To say we are not is a disrespect to the people who put us here.

I'm not one for bible verses, but I thought this one fit well. Proverb 10:9 "Whoever walks in integrity walks securely, but he who makes his ways crooked will be found out"."
